REMARKS/ARGUMENTS

Claims 1 - 4 are pending in the application.

The drawings and specification have been amended to include a disclosure of an ultra fast time hopping wireless communication link controlled by a control for causing the individual packets or pulses to be short.

Although applicant's undersigned counsel believes that the method claims originally on file and the drawings are in full compliance with the rules, it is believed that the addition of Figure 12 and the description thereof in the specification adds no new matter and is in full compliance with the rules.

Respectfully submitted,

Jum Zeguer Jim Zegeer, Reg. No. 18,957 Attorney for Applicant
